Enhance your personal brand

2018 Course Guide

SYDNEY BUSINESS SCHOOL

UNIVERSITY OF WOLLONGONG
At the end of the day it’s about you. Your aspirations, your expectations, your future. At Sydney Business School, University of Wollongong we understand that when it comes to enhancing your personal brand, what happens outside the classroom is just as important as what happens in it.

It’s all about meeting the right people, exchanging business cards (yes it’s old fashioned, but it still works), connecting on social media, and building up a professional network that will help take you to the next stage of your career and beyond.

That’s why our students attend industry conferences, professional development events, master classes, media events, social gatherings, and other major industry engagements hosted by Sydney Business School. Outsiders pay but you attend for free. It’s all part of the Sydney Business School experience, even our degrees are designed with this in mind.

Classes are not just learning from a textbook. They’re a combination of theories, practices and relevant industry experiences. Working in teams with students from a wide range of professional and cultural backgrounds, you will learn to solve problems, develop business proposals and present your ideas.

Many of our academics come from consulting backgrounds and transform that expertise into an engaging “real-world” experience. You’ll be pushed out of your comfort zone from time to time, but that’s all part of the journey. A journey that will help you shape your personal brand.
Sydney Business School is the graduate school of the Faculty of Business at University of Wollongong. We offer a range of postgraduate business programs that are internationally recognised for excellence in business and management education.

Sydney Business School is proud to be part of one of the best modern universities in the world, ranked among the top 2% of universities globally and recognised by employers for producing graduates among the best 1%.

Locations

Classes are offered from campuses in Circular Quay in Sydney and University of Wollongong’s largest campus in Wollongong. Both campuses are welcoming places to study and relax.
SYDNEY

Sydney is the largest, oldest and most cosmopolitan city in Australia. Our campus in Circular Quay is at the upmarket end of Sydney’s central business district. It overlooks both the Opera House and Sydney Harbour Bridge and is well serviced by buses, trains and ferries. It provides tailored learning and teaching facilities, together with full administrative support and online links to the Wollongong campus, including all electronic catalogues and databases from the main library.

WOLLONGONG

Wollongong is located on the New South Wales coast, 80 kilometres south of Sydney and is accessible by road and rail. UOW’s largest campus in Wollongong combines modern teaching, research and study spaces on 83 hectares of landscaped Australian bushland. Its location between a spectacular rainforest escarpment and the sea with its glorious beaches adds to the appeal. The Wollongong campus houses the full range of support services offered by UOW, including student support, accommodation, sports, culture and entertainment.

Our research students have dedicated facilities at Innovation Campus in Wollongong, a world-class, award-winning research and commercial precinct developed by the University of Wollongong.
Internationally linked

Our students, graduates, academics and researchers study, work and collaborate right across the world.

Sydney Business School delivers its courses in the following locations:

- MALAYSIA
- SINGAPORE

Domestic Students

30%-100% SCHOLARSHIP FOR WOMEN IN MBA

Sydney Business School has committed to achieving gender equity in the MBA program by offering Women in MBA Scholarships. We will partner with businesses to identify and support females in middle management through an MBA by matching the contribution of the organisation dollar for dollar (up to 50 per cent). In addition to financial support, the student will receive business partner support, mentoring and academic advice.

100% ILLAWARRA CONNECTION SCHOLARSHIP

All financial members of the Illawarra Connection are invited to identify potential candidates within their organisation and to encourage and assist them to submit their application for the award of this prestigious scholarship for 2018. For a list of eligible courses and terms and conditions, visit our scholarship website.

25% PARTIAL TUITION SCHOLARSHIP

There are ten partial tuition scholarships available for domestic students commencing their first course at UOW’s Sydney Business School across the year. The scholarship offers a 25% reduction of the tuition fee for the standard duration of the course.

I came to study with Sydney Business School not only because of the scholarship I was awarded but also because of the school’s reputation and that of the city of Wollongong. Sydney Business School has great lecturers and supportive staff who helped me in dealing with assignments and exams, which had to be done entirely in English and in different styles to what I had done previously.

GLOBAL WORKPLACE PRACTICE
This subject is designed to meet the employment aspirations of international students to undertake work in Australia. The subject is a 10-week series of educational seminars and practical job seeking activities and can be taken as an elective subject for international students undertaking a two-year Masters Degree, a PhD Integrated or Master of Philosophy.

Students develop work-based learning skillsets, critically analyse the theories of intercultural competence, as well as develop cultural awareness and business communication skills needed for their career aspirations. It also provides an opportunity for students to integrate and apply their university knowledge in an industry context.

CAREERS CENTRAL
Careers Central offers a variety of short programs to help you prepare yourself for the challenges in obtaining a graduate position at the end of your degree. These one-hour seminars and workshops help you refine specific employment skills. Workshops have included:
- Resume Writing 101
- Where are the Jobs? The Hidden Job Market
- From Interview to Offer: Learn the Secrets of Successful Interviewing
- The Ins and Outs of Graduate Programs & Summer Internships
- An Insider’s Guide into Assessment Centres
- The ‘How to’ Guide on Answering Selection Criteria
- Are you LinkedIn?

ONLINE SELF CAREER DEVELOPMENT TOOL
As one of our students, you will have access to Career Leader, an online career development tool that can assist you to identify careers most likely to bring success, along with actions to help you work towards your career goals.
CAREERS CONSULTANT

Throughout your study and for two years after you graduate, you will have access to a qualified Careers Consultant who specialises in Business. The consultant can help you improve your employability and provide up-to-date information on the Australian job market, additional career programs and jobsearch resources.

CAREER EXPOS

Each year there are opportunities to meet employers on campus. Some employers are invited to UOW to hold information sessions, while others participate in the UOW Careers Expos. UOW runs several expos every year: some are general events for many different industries.

CAREERHUB

An international student visa allows you to work 40 hours per fortnight (2 weeks) during university session and full-time during session breaks. UOW Careerhub is an online tool that will help you find and apply for jobs during your time here (and after you graduate!).

- Search for jobs, including: graduate, vacation, part-time and casual, and work experience opportunities
- Register for workshops, employer presentations, career readiness conferences and exhibitions
- Book an appointment with a careers consultant or career counsellor
- Access careers resources such as fact sheets, links, news and FAQs
- Create your resume and e-portfolio

UNIVATIVE

UniVative places you in a student team that will compete with others from six leading Australian universities to solve a real business problem. You can gain skills in a range of different employment environments. Each team is made up of students from different disciplines and backgrounds. You will be able to demonstrate your unique skills, and show potential employers how you can work in a team to solve problems. Teams have the opportunity to gain firsthand knowledge and experience about an organisation or business.

“

My role is to help our students establish their career goals throughout their degree, so when they graduate they are ready for the job market. This includes resume checks, connecting them to work-based opportunities like internships and giving them access to resources and the skills to help with their job search.

SUPPLY CHAIN MANAGEMENT
In today’s world, it is not a company competing against another company; it is a company’s supply chain competing against another company’s supply chain. This course gives professionals working in logistics, supply chain management and operations management the skills to manage the flow of materials and information within and between organisations and other relevant stakeholders. You will learn how to diagnose existing processes / supply chains and how to design and implement an innovative supply chain strategy. Skills and capabilities are developed on topics such as forecasting, sales and operational planning and procurement to name a few.

Supply Chain Management subjects:
- Logistics Systems
- Strategic Procurement Management
- Advanced Supply Chain Management
- Supply Chain Analytics

PROJECT MANAGEMENT
The Project Management specialisation provides comprehensive project management skills and capabilities on the full project lifecycle; from project initiation, planning, execution to project closing, and teaches strategies for dealing with a broad range of issues encountered within business organisations.

Project Management subjects:
- Advanced Project Management
- Project Management in Practice
- Managing and Leading Project Teams
- Negotiation Theory and Practice for Project Management

The Doctor of Philosophy (PhD) is an advanced postgraduate research degree that develops research skills and provides high achieving candidates with the opportunity to conduct in-depth research in their chosen discipline.

Under the guidance of a supervisory team, consisting of two supervisors, students will independently plan and execute a research project that will lead to the production of a substantial thesis.

Students completing the PhD will make a significant and original contribution to knowledge in their chosen discipline. They will also be able to communicate this contribution to their peers and the community.

Course Structure

The coursework component of the PhD includes one core subject, then on successful completion of coursework subjects, students work with their supervisors to complete a substantial thesis (144 credit points).

The research involved in producing a doctoral (PhD) dissertation involves a significant contribution to a field of knowledge. The thesis is not longer than 100,000 words in length.

DOCTOR OF PHILOSOPHY INTEGRATED

CRICOS 072794J
DURATION 4 years (8 sessions) full-time, or part-time equivalent
STARTS Spring, Trimesters 1 (February)
LOCATION Innovation Campus
ENTRY REQUIREMENTS Applicants should have a minimum of four years of study at degree level, either a four-year Bachelor degree, or a Bachelor degree plus Masters by Coursework, with a minimum Credit average (65% or GPA 3.0 out of 4.0), or equivalent. Applicants are not required to have a research component within a previous degree to be admitted to the degree.
IELTS Overall 6.5 (R:6, W:6, L:6, S:6)

The Doctor of Philosophy (Integrated) is a four-year research degree which incorporates a traditional three-year PhD thesis with one year of coursework subjects, combining generic research training and discipline-specific content into a single degree.

The coursework, which is undertaken in the first year of the degree, comprises research training skills and individual coursework subjects. Research skills are tailored for each faculty, but typically include: research methodology; literature review, critical analysis, or laboratory projects; and advanced topics or a minor research project. The individual subjects are normally chosen from options within the Masters by Coursework degrees within the relevant faculty, thereby allowing students to obtain deeper content knowledge in a specific discipline area.

International students intending to become university researchers and teachers in their home country will benefit from exposure to Australian teaching methods through these subjects.

The research component is the same as for the PhD program and leads to the production of a written thesis. The thesis, which involves a significant contribution to a field of knowledge, must be no longer than 100,000 words in length. Each PhD candidate has two supervisors.

In order to progress to the research component, PhD Integrated students must complete the first year with an average of 65%, including 65% in each research training skills subject. Students progressing to the research component will have developed their specific research topic before commencing the research component.

Course Structure

The coursework component of the PhD(I) includes 48 credit points of coursework subjects. All students enrol in the core subjects. Students studying Economics will need to take additional core subjects, see the Economics schedule for details. The student's supervisors, in consultation with the School Head of Postgraduate Studies, will recommend the appropriate elective subjects for students in all other disciplines. On successful completion of coursework subjects, students work with their supervisors to complete a research thesis (144 credit points).
